

Hello BCLP friends,

Here's a chance for you to do something for Bear Creek Lake Park. While we're waiting (and waiting, and waiting) for the Army Corps of Engineers to announce the next step in their process, including a second public scoping meeting, we've decided it's a good time for our group to help the park in other ways. So, here's our first Bear Creek Lake Park Volunteer Event.

What: Tree Wrapping and Painting for Protection from Beavers

When: Sunday, November 13 from 10am to noon

Where: Bear Creek Lake Park (the exact meeting location will be given to volunteers closer to the date).

Details: We'll be painting and wrapping trees to discourage beavers from harming selected trees. Wear clothing that you don't mind getting paint on. Bring water and a snack. Please, no pets for this event. If you don't have a park pass and plan to drive in, you will need to pay the park admission fee.

We're looking for 12 volunteers, so please sign up early. If this event is a success, we will plan more in the future.

Send RSVP or questions to Don Baumgardt: donbaumgardt@gmail.com

Happy Halloween!
